BIKE RACKS

NEW

FOR TWO BIKES

Functions

- Easy and effortless attachment to the towbar by leverless, patented IQ quick-release fastener
- Removable bike holder with one-hand operation
- New extra-wide bike rails for tyre widths up to 4.5 inches
- Foldable bike rail and rear light unit
- Ratchet system for secure fixation of the wheels on the bike rail
- At only 13.5 kg, it's particularly light and, thanks to its low self-weight, allows to load a large capacity
- Convenient activation of the tilt-down function by foot lever
- Quick-release lever for fixing the wide carrier frame
- Extra distance from the vehicle creates space for wide handlebars on vehicles with a steep tailgate
- Anti-theft device with simultaneous locking
- Quality product made in Germany with 3-year warranty
